PRODUCT DESCRIPTION

Designer: Louis Weisdorf

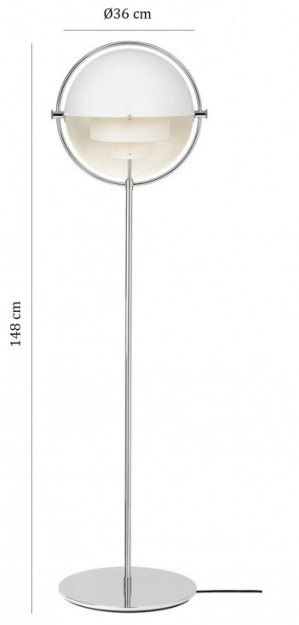

Gubi Multi-Lite Floor Lamp

A sophisticated addition to any interior, the Gubi Multi-Lite Floor Lamp is a sculptural masterpiece designed by Louis Weisdorf in 1972. It epitomises the golden era of Danish design with its sleek frame and rotational quarter-sphere shades that allow light to be directed upwards, downwards, or asymmetrically. The timeless design transforms the lamp into a functional work of art, offering endless versatility.

The floor lamp features a sturdy metal ring that anchors the shades and is available in elegant brass or chrome finishes. Choose from several curated colours to complement your décor. Whether placed beside a sofa, in a reading nook, or as a statement piece in a corner, the Multi-Lite Floor Lamp creates distinct lighting zones while exuding mid-century charm.
