Gubi Tynell 5321 Table Lamp

The Tynell 5321 Table Lamp, first created in 1938 by Paavo Tynell, reflects the designer's love of nature and his unparalleled craftsmanship. The brass shade, shaped like a seashell, elegantly cradles the light bulb, evoking the image of a pearl nestled within its shell. This playful yet sophisticated design showcases Tynell's ability to infuse natural forms into modern lighting solutions.

The lamp's base and rattan-wrapped stem add layers of texture and contrast to the polished brass, blending timeless elegance with a touch of rustic charm. Its soft glow and decorative appeal make it equally suitable as a bedside lamp, desk light, or accent piece in a living space or office.

Perfectly suited to both modern and traditional interiors, the 5321 Table Lamp is a functional and decorative masterpiece that brings a sense of wonder and refinement to any room.
