Fontana Arte Equatore LED Pendant Light

The Fontana Arte Equatore LED Pendant Light reimagines the traditional glass-shade lamp with a strikingly modern and innovative design. Suspended by fine steel cables, its transparent glass shade is elegantly paired with a central metal band that houses two LED light sources. These luminous discs, positioned at the "equator" of the lamp, diffuse light both upward and downward, creating a warm, even glow. The result is a visually captivating illumination that softly highlights the surrounding space while casting a magical ambient light across the glass shade.

Available in two sizes and four sophisticated finishes, including cool grey with dark chrome and warm copper with pink glass, the Equatore Pendant offers versatility for a range of interiors. Perfect for dining areas, entryways, or as a statement piece above kitchen islands, this pendant enhances any space with its refined aesthetic and practical functionality. Whether used individually or in clusters, the Equatore LED Pendant creates an inviting atmosphere, seamlessly blending contemporary design with Fontana Arte's timeless elegance.

PRODUCT SPECIFICATION

Light Source: Medium: 40W, 2700K, 4500 Lumens
Large: 60W, 2700K, 6600 Lumens

IP Code: 20

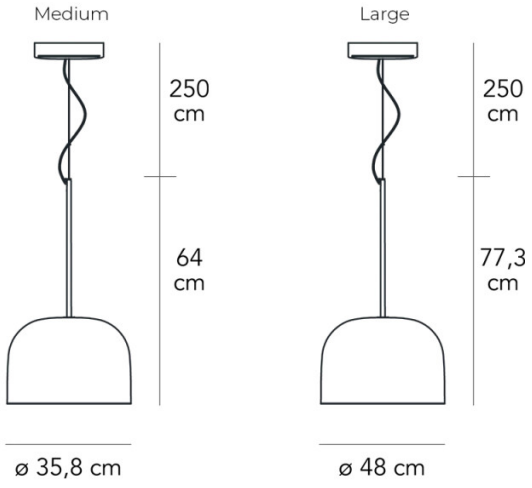

Dimming: Dimmable via mains phase dimming.
