FontanaArte

Fontana Arte Equatore Suspension - Small.

Equatore is a contemporary reinterpretation of the classic lamp with a glass shade. While the traditional abat-jour uses the shade to contain the light source within, in this family of lamps the shade is paradoxically and suggestively empty, with the light being generated by two luminous discs placed inside a central metal band, visible on the shade, that evokes the line of the equator. The light produced by the LEDs, thanks to internal screens arranged in layers, is distributed regularly across the surface of the discs, magically illuminating them. The lower disk directs the light output downward, the upper one illuminates the glass cap for a soft, diffused light. Available in two colors: a cooler version in gray with a dark chrome frame, and a warmer version with a transparent pink cap and a copper-colored frame.

Designer: Gabriele e Oscar Buratti

IP Code: 20

Dimming: Dimmable via 1-10v dimming systems. Please consult your electrician, additional wiring may be required on site

Dimensions:

Small: H 44cm W 23.8cm

Medium: H 64cm W 35.8cm

Large: H 77.3cm W 48cm

Cable length: 250cm
