PRODUCT DESCRIPTION

Established in 2009 CoeLux Srl is a hightech Company with a mission to foster an innovative solution for lighting, architecture and real-estate industries aiming at creating the perception of an extraordinarily wide space, by means of a genuine physical reproduction of optical atmospheric phenomena indoors.?

Their unique CoeLux lighting systems reproduce the true effect of natural sunlight entering through the opening in the integrated ceiling, with a realistic sun perceived at infinite distance surrounded by a clear deep blue sky.?

Objects shine in the exceptional light casting sharp sky-blue shadows.

“CoeLux lighting systems reproduce a virtual experience of the sun and sky; especially in a below-ground environment, the effect is so powerful that it may radically change our perception of reality. It allows us to rediscover natural light in the real world in a totally new and surprising way”.???

Prof. Paolo Di Trapani, the company founder and CEO
