Foscarini Twiggy Grid LED Outdoor Floor Lamp

The Twiggy Grid LED outdoor floor lamp by Foscarini is a vibrant yet sophisticated choice, comprised of a slender fishing rod-like frame which acts to suspend the shade and light emission away from its origin and to also adjust the height with flexibility. The Twiggy Grid LED floor light is now even more adaptable in this IP44-rated outdoor version.

This floor lamp emits a soft, downward light making it perfect to hang over a table on the patio or in the garden. This floor light will illuminate your outdoor space and will be a stylish finishing touch. Available in Greige or Carmine, the Twiggy Grid LED floor lamp is a great choice for your every need in the outdoors.
