PRODUCT DESCRIPTION

Designer: Carlotta de Bevilacqua

Artemide Come Together Portable Lamp

The Artemide Come Together Portable Lamp was designed by Carlotta de Bevilacqua and is an innovative lighting solution. Equipped with modern LED technology, the Come Together has a rechargeable battery that lasts up to 16 hours, and due to its compact size, this portable lamp can be moved from room to room as you need it. A perfect addition to dining tables, reading nooks, on a shelf or sideboard and even in your bedroom.

The Come Together Portable Lamp also offers 3 varying light outputs, which can be chosen by sliding a switch at the base. This allows you full control over the illumination and ensures you can easily adjust it when needed to suit your needs. This contemporary lighting solution is available in three sleek finishes: Copper, Aluminium or White, all of which can adapt to a variety of interiors and personal styles.
