PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Giancarlo Fassina

Artemide Tolomeo Maxi Floor Lamp

Artemide Tolomeo Maxi Floor Lamp is an extension of the **Tolomeo Collection**, originally launched in 1987. This maxi floor version maintains the spring mechanism and articulated arm system synonymous with the collection, while the larger format allows the lamp to create a strong, architectural presence in residential and commercial spaces alike.

The Tolomeo Maxi Floor is crafted from extruded aluminium and features a weighted steel base for a sturdy and robust structure. The parchment paper diffuses light for a warm and comfortable glow. Position the arm to create directed task lighting, or an indirect, glare-free glow. The Maxi Floor is well-suited for use in a reading nook, office space, or lounge area, where adjustable lighting is required.
