PRODUCT DESCRIPTION

Designer: Joan Gaspar

Marset Djembe LED Ceiling Light

Marset Djembe LED Ceiling Light is a large ceiling fitting by Joan Gaspar, inspired by the shape of a drum. The collection was developed around the idea of using several lights together, creating different arrangements across the ceiling. Its bell-shaped shade is made from bi-injected rotary moulded polyethylene, with a rough, stone-like exterior that makes the fitting appear much heavier than it is. Inside, the shade has a smooth satin white finish that reflects the light downwards, giving the lamp a bright, diffused output.

The Djembe C 65 is available in three heights, 65.23, 65.35, and 65.45, each with a slightly different profile. The shallower version sits closer to the ceiling, while the deeper shades have a more pronounced bell shape. Djembé can be installed individually over a dining table, kitchen island, or seating area, or arranged in groups where a larger space needs more light. The textured shades come in White, Grey, Red, and Sky Blue, with the same white interior across all four finishes.

The integrated LED provides warm 2700K light, with Triac and DALI-2 dimming versions available. The different shade heights make it possible to vary the appearance of an installation while retaining the same general diameter. Larger arrangements can also be created using Marset's joining accessories for multiple fittings. Most suited to dining rooms, kitchens, living rooms, reception areas, restaurants, hotels, offices, and commercial interiors where large ceiling lights can be used individually or in groups.

Please Note: The Marset Djembe LED Ceiling Light is also available in smaller C 42.13, C 42.21, and C 42.28 sizes, as well as the larger C 100.38 version. Additional 3000K, Casambi, and Tunable White options are also available on request. Please contact us for more information and pricing.

PRODUCT SPECIFICATION

Light Source:

C 65.23: Triac 26.09W / DALI-2 26.37W, 2700K, 1843 Lumens

C 65.35: Triac 26.09W / DALI-2 26.37W, 2700K, 1845 Lumens

C 65.45: Triac 26.09W / DALI-2 26.37W, 2700K, 1770 Lumens

IP Code: 20

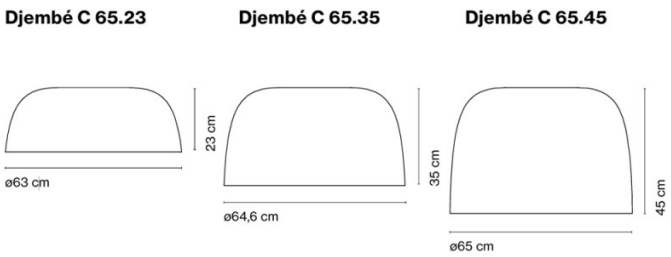

Dimming: **Triac:** Dimmable via Triac dimming.
DALI-2: Dimmable via Dali dimming systems. Please consult your electrician, additional wiring may be required on site.

Dimensions:

Djembé C 65.23:
Height: 23cm
Shade: Ø63cm

Djembé C 65.35:
Height: 35cm
Shade: Ø64.6cm

Djembé C 65.45:
Height: 45cm
Shade: Ø65cm
