PRODUCT DESCRIPTION

Designer: Miguel Milá

Santa & Cole Globo Cestita Pendant Light

The Globo Cestita pendant is the smaller version of the Globo Cesta pendant. A minimalist light, the Cestita pendant lamp takes the gorgeous opal lampshade of the Cestita table lamp, which was first developed by Miguel Milá in the 1960s after he found an abandoned opal glass shade outside a factory in Barcelona.

The Globo Cestita pendant lamp features a wonderful rounded opal glass shade which creates a warm glow and spreads the illumination evenly around the room. The small size of this pendant light makes it perfect for accent lighting, clustering or use in rows/lines. Use in virtually any space for a useful and diffused glow.
