PRODUCT DESCRIPTION

Designer: Ramos & Bassols

Vibia Duo Ceiling LED Round Light

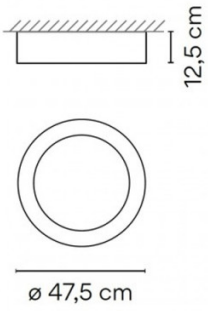

Designed by Ramos & Bassols, the Vibia Duo Round LED Ceiling Light has a simple and effective silhouette, casting a downward-directed illumination that spreads evenly and thoroughly in your interior. The ceiling light is made from aluminium, which contrasts with the veneer interior, creating a beautiful juxtaposition that embodies the name Duo.

The integrated LED light source is also concealed by a diffuser, producing a glare-free light that is bright without dazzling. Suitable in multiples or alone for general or main lighting, the Duo round ceiling lamp is available in a white, graphite or subtle cream colour, with a choice of two inner veneers: oak or walnut. Use in professional spaces, homes or hospitality for useful and stylish lighting.

Please note, this product is also available in a larger Ø78.5cm version. Contact us for pricing and information.
