PRODUCT DESCRIPTION

Designer: Lievore, Altherr, Molina

Vibia Tempo 5772 Pendant

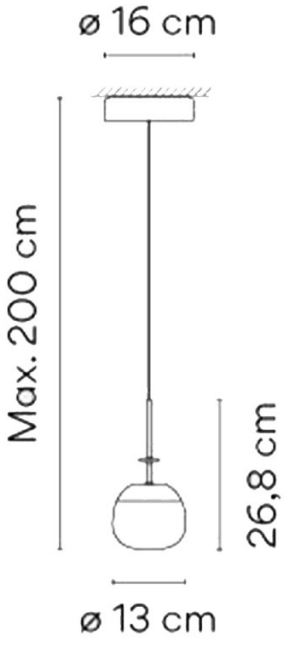

The Vibia Tempo 5772 Pendant features an asymmetrical blown glass diffuser which is suspended from a metal structure, the shade assists in dispersing a cosy ambient glow that can be easily dimmed. Tempo 5772 was designed by Lievore, Altherr, Molina and is a smaller alternative to the **Tempo 5778 Pendant** - the inspiration for this eye-catching contemporary pendant light comes from varying degrees of luminance and the interplay of opacity, translucence and transparency.

The Tempo 5772 produces functional but inviting light and offers you the choice between four colours (Graphite, Terra Red, Cream or Green), the versatility of the Tempo ensures it can be integrated into an array of interiors either individually or in clusters and can suit a range of styles. It is a beautiful addition to living spaces, kitchen islands, dining spaces, bedside tables and over counters in bars, restaurants or shops.

Please Note: The Vibia Tempo 5772 Pendant is available with a surface canopy and a 1-10V/Push To Make dimming system as standard. Other variations are available upon request. Please contact us for more information and pricing.
