PRODUCT DESCRIPTION

Designer: Lievore, Altherr, Molina

Vibia Tempo 5774 Pendant

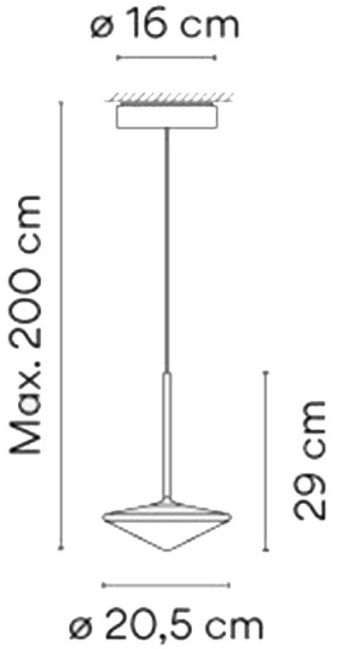

Designed by Lievore, Altherr, Molina, the Vibia Tempo 5774 Pendant uses a unique diamond-shaped diffuser which projects the illumination downwards whilst also allowing some light to escape through the top. The result is an even and glare-free glow that can be used in almost any room in your home. The Tempo 5774 Pendant is a smaller alternative to the **5780 Pendant** but still provides an inviting functional luminance. The structure of which the diffuser is suspended from is available in four finishes: Graphite, Terra Red, Cream or Green - allowing it to adapt to numerous interiors and suit a range of personal styles.

The Vibia Tempo 5774 Pendant is a beautiful addition to kitchens, dining spaces, living rooms, staircases and even as a bedside table light. The warm illumination can be easily dimmed to personalise the ambience and it can be suspended either individually or in clusters for a more dramatic effect.

Please Note: The Vibia Tempo 5774 Pendant is available with a surface canopy and a 1-10V/Push To Make dimming system as standard. Other variations are available upon request. Please contact us for more information and pricing.

PRODUCT SPECIFICATION

Light Source:	4W, 2700K, 415 Lumens
IP Code:	20
