PRODUCT DESCRIPTION

Designer: Lievore, Altherr, Molina

Vibia Tempo 5780 Pendant

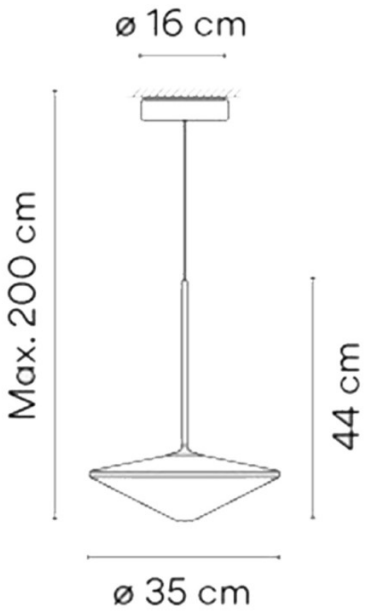

The Vibia Tempo 5780 Pendant utilises a unique diamond-shaped glass diffuser to grant its user with an ambient yet functional glow. Featuring LED technology, the illumination is projected downwards whilst also allowing some light to escape through the top of the diffuser, presenting an even and glare-free luminance. This contemporary lighting solution offers a structure in four different colours (Graphite, Terra Red, Cream or Green) allowing you to choose the finish that best represents your style and adds a burst of character to your space.

A larger variation of the **Tempo 5774 Pendant**, the 5780 Pendant is a beautiful addition to both residential and commercial areas. Present this suspension light in dining spaces, kitchens, staircases, shop counters, hotel lobbies, restaurants and bars. It can be displayed individually or in clusters at varying heights for a more dramatic installation.

Please Note: The Vibia Tempo 5780 Pendant is available with a surface canopy and a 1-10V/Push To Make dimming system as standard. Other variations are available upon request. Please contact us for more information and pricing.
