PRODUCT DESCRIPTION

Designer: Sara Moroni

Liaison 1 by Axolight

Liaison is all about geometry; it plays with the fundamental shapes of the cylinder, the sphere and the circle. Harmoniously combined, these geometric shapes create a unique and elegant item. Sara Moroni designed the Liaison collection for Axolight, which is made of black or gold elements. Each element is hand crafted and when put together they create a single suspension or a larger composition. The semi-circle carries inside the cables into the cylinder, which houses the LED source. Finally, the sphere at the top, maintains the balance of the entire light.

Liaison 1 is available in three sizes (reflecting a small, medium and large size), with an integrated LED source the lights are energy efficient. There three colour combination options: all black, gold arch with black sphere/cylinder or black arch and gold sphere/cylinder.
For more information and pricing on other compositions of the Liaison suspension lights please contact us.

PRODUCT SPECIFICATION

Light Source:	9W, 3000K, 671lumens
IP Code:	20
Dimming:	Dimmable via 1-10v dimming systems. Please consult your electrician, additional wiring may be required on site.
Dimensions:	**Liaison 1 P** 56.8 cm height 32 cm width max 230 cm drop height Ø 23 x 4 cm ceiling canopy **Liaison 1 M** 91 cm height 46 cm width max 300 cm drop height Ø 23 x 4 cm ceiling canopy **Liaison 1 G** 110.6 cm height 54 cm width max 300 cm drop height Ø 23 x 4 cm ceiling canopy
