PRODUCT DESCRIPTION

Designer: Dima Loginoff

Axolight Urban LED Pendant

Designer Dima Loginoff created the Urban Pendant for lighting brand Axolight. Loginoff admits that he is a big fan of minimalism, which is echoed in the Urban Pendant. A light with a post-industrial aesthetic and cutting-edge technology, the Urban lights represent geometric simplicity. The pendant is available in two sizes, measuring 16 or 26cm, and in a wide range of finishes, allowing it to suit any setting and personal style.

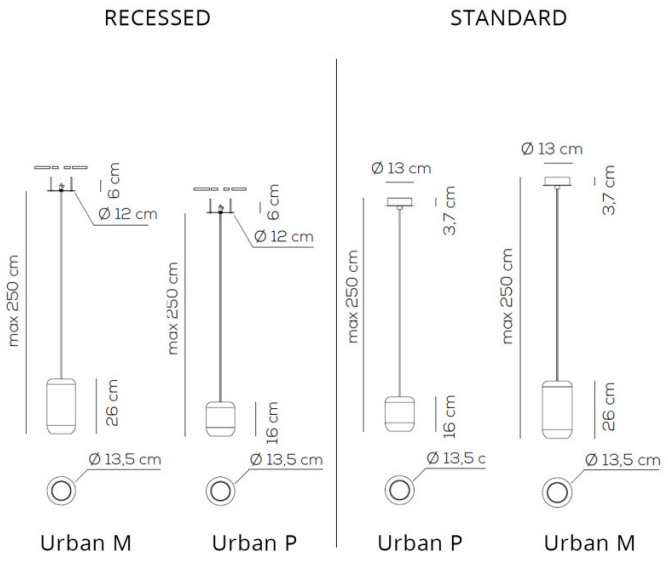

With a downward illumination, the Urban Pendant can provide functional lighting to a kitchen island, dining table, or desk. Install in multiples to line the length of a long table for a uniform glow. Versatility is at the heart of the Urban Collection. Available in a wide range of finishes, the pendant can blend seamlessly into its environment or provide a dynamic contrast for an eye-catching display.

The Urban Pendant is available in fifteen bold finishes, including White, Blue, Red, Green, Yellow and Black.

Please note, the Urban with a recessed canopy is not dimmable as standard; a dedicated PSU driver is required. Please contact us for more information and pricing.
