PRODUCT DESCRIPTION

Designer: Front

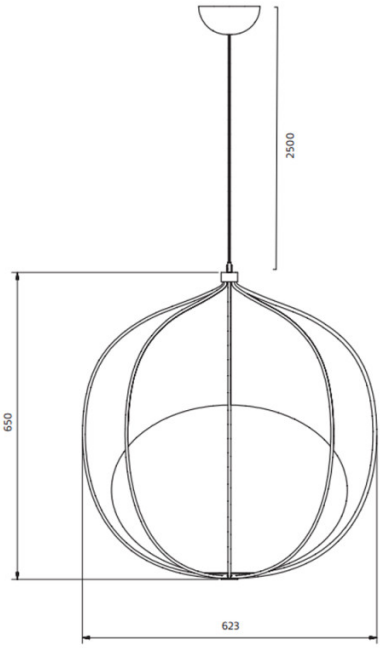

Zero Hoop LED Pendant

Designed by Front, the Zero Hoop Pendant is a striking modern luminaire that takes inspiration from floating orbs and geometric structures. The pendant light consists of a central opal glass diffuser, carefully nestled within curved metal rings, which enhance its sculptural and contemporary aesthetic. The diffused light source emits a soft, warm glow, illuminating the inner edges of the rings, creating an interplay of light and shadow that adds depth to the design.

Available in four colour finishes, white, black, blue, and orange, the outer structure provides contrast to the soft glow of the diffuser, making it a standout centrepiece in any space. The Hoop pendant is ideal for dining areas, lounges, and commercial interiors, offering a balance of artistic expression and functional lighting. With an energy-efficient LED system, this pendant ensures long-lasting performance while maintaining a visually captivating presence.

PRODUCT SPECIFICATION

Light Source:	18W, 3000K, 1715 Lumens
IP Code:	20
Dimming:	Non-dimmable.
Dimensions:	Shade: Ø62.3ccm Height: 65cm Ceiling Canopy: Ø21cm Cable Length: 250cm
