PRODUCT DESCRIPTION

Designer: Jens Fager

Zero Convex Pendant Light

Bringing clean lines and effortless functionality, the Zero Convex Pendant Light by Jens Fager is a contemporary fixture with a subtly curved shade that embodies Scandinavian elegance. Designed for both residential and commercial interiors, the Convex pendant offers downward-directed lighting, diffused by a microprism lens for a soft, glare-free glow.

Available in two sizes, the pendant is crafted from painted aluminium in black, white, grey, green, or galvanised steel finishes. Suspended by a 2m textile cable, this fixture is ideal for kitchen islands, dining tables, and reception areas. The Convex pendant can be installed in clusters or rows for a striking, modern aesthetic.
