PRODUCT DESCRIPTION

Designer: Jens Fager

Convex Pendant Light by Zero

Designed by Jens Fager, the Convex pendant lamp features a simple yet effective silhouette and smooth lines. Embodying the adjective convex, the curved lampshade creates a subtle and functional look that can translate to any interior design scheme.

Available in a small or large size and in a variety of colours, the Convex pendant is made from aluminium to last long. The light flow directs downwards and is spread evenly by a diffuser for a anti-glare glow. Use primarily above tables and surfaces in many spaces and experiment with mix and matching the colours and sizes for a varied look, whether used in rows or clusters.
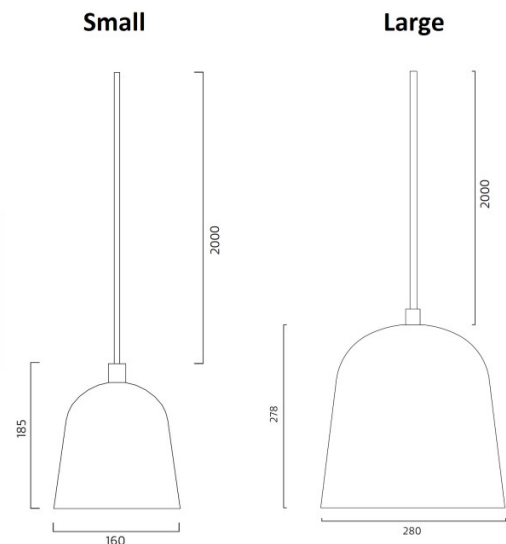

PRODUCT SPECIFICATION

Light Source: 1 x max 28W E27 (excluded)
