PRODUCT DESCRIPTION

Designer: Thomas Bernstrand

Zero City Globe LED Pendant Light

A favourite among contemporary outdoor lighting designs, the Zero City Globe LED Pendant Light brings a bold, architectural presence to any space. Designed by Thomas Bernstrand, this fixture showcases an archetypal globe shape with a generous diameter, making it well-suited for urban environments, hospitality projects, and large-scale outdoor spaces.

The pendant features a black-painted aluminium and metal frame (RAL 9005), complemented by a grey-toned acrylic outer shade. Inside, a crackled glass inner shade is available in grey or cognac, offering a warm, diffused glow. Equipped with a 23W integrated LED module (3000K, 1900LM), the pendant delivers efficient, high-quality illumination. Suspended by a 2.5m wire, the City Globe Pendant is ideal for outdoor ceilings, covered walkways, and modern exterior spaces.
