PRODUCT DESCRIPTION

Designer: Terence Woodgate

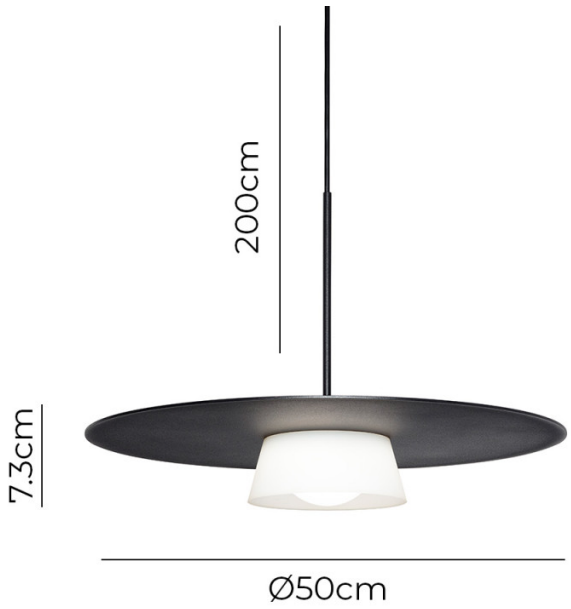

Case Sum Pendant

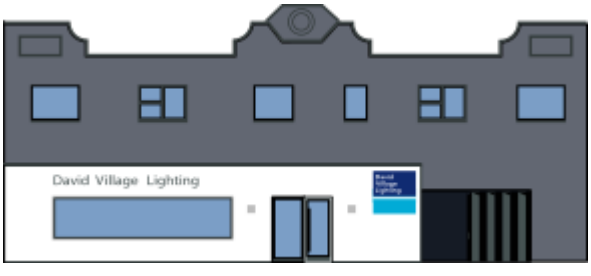

The Case Sum Pendant is designed by British designer Terence Woodgate. The pendant is reflective of Woodgate's minimalistic aesthetic, and is an elegant and modern addition to any domestic or commercial space. Due to its innovative LED module, the pendant can be fitted directly to mains without a driver or transformer.

The Case Sum Pendant, which is available in a white or black finish, comprises of an aluminium body, polycarbonate diffuser with an opal silicone shade. The warm glow produced by the integrated LED is reflected downwards by the metal disk above it. This downward lighting makes the Sum Pendant ideal in illuminating a dining table or kitchen island. These pendants can be hung individually or as multiples in a row, providing flexibility for a range of spaces and styles.
