Axolight

Metling Pot 60 Suspension by Axolight

Designed by the forward-thinking Sandro Santantonio, the Melting Pot 60 suspension light is the smallest pendant from the [Axolight Melting Pot collection](#). The light is created from 4 lampshades that give the illusion of melting into one another, with vibrant and intriguing patterns that also catch the eye. The light source glows out of each shade, illuminating downwards to provide light for the room.

The smaller size of the Melting Pot 60 pendant means it can be used in many spaces as both a feature light for the room, or to light up a corner to create a cosy atmosphere. The coned silhouette and the stunning design, makes this suspension light not one to miss and will certainly amaze all those who encounter it!

Designer: Sandro Santantonio

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions:

48 cm width

51 cm depth

60.5 cm height

Ø 36 cm central shade

max 330 cm drop height
