PRODUCT DESCRIPTION

Designer: Anglepoise Design

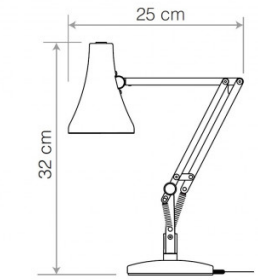

Anglepoise Type 90 Mini Mini Desk Lamp

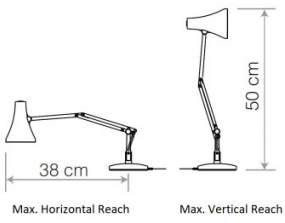

Launched in 2018, the Type 90 Mini Mini Table Lamp is a revolutionary lamp dedicated to helping you complete tasks. Its compact form adds to the lamp's versatility, enhancing its portability while allowing it to fit in smaller spaces. Inspired by the iconic Anglepoise spring-balanced designs, the Type 90 Mini Mini can be easily moved and adjusted for precise and focused lighting.

The Type 90 Mini Mini Table Lamp is supplied with a plug-in adapter and USB cable, which allow users to plug the lamp into a socket, laptop, or portable charger. Please note that these lamps do not contain a battery, so need to be plugged in to work. The integrated LED lasts for up to 20,000 hours. Its dimmable functionality means the light intensity can be adjusted between bright task lighting and a soft, ambient glow. The Type 90 Mini Mini Table Lamp is available in a wide range of vibrant finishes, adding a splash of colour and a bold personality wherever it's placed.
