PRODUCT DESCRIPTION

Designer: Alvar Aalto

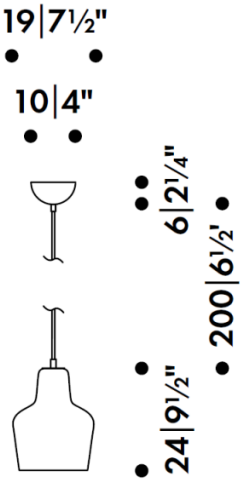

Artek A440 Pendant

The Artek A440 pendant light, designed by Alvar Aalto, is a timeless representation of his minimalist design philosophy. The smooth, hand-blown opal glass shade offers an even, soft light that diffuses gently, creating a serene atmosphere in any space. This simple, yet refined pendant light is perfect for adding a touch of elegance to modern interiors, whether hung alone for a subtle, ambient effect or arranged in a series to provide more widespread lighting. The opal glass's translucent quality ensures that the light is glare-free, making it ideal for both residential and commercial settings.

Crafted with meticulous attention to detail in Finland and Poland, the A440 pendant embodies Aalto's commitment to quality and craftsmanship. Its understated design makes it versatile enough for a range of applications, from intimate living rooms to more formal dining areas. The pendant is equally effective in creating a soft, inviting glow over a table or enhancing the overall ambience of a room. The A440 is an excellent example of how simple forms can achieve timeless elegance, combining functionality with beauty to suit any modern interior.
