artek A330s Golden Bell Pendant Brass

Nicknamed "Golden Bell," Pendant Light A330S has a sculptural quality that can be appreciated whether the light is switched on or off. Casting golden reflections, the perforated rim of Pendant Light A330S creates a memorable corona effect and prevents glare. Made from a single piece of brass or steel, the elegant "Golden Bell" was created by Aino and Alvar Aalto for the interior of The Savoy Restaurant, Helsinki in 1937 and went on to be shown in the Finnish Pavilion of the Paris World Expo the same year. The "Golden Bell" embodies Alvar Aalto's signature streamlined aesthetic, while the light it provides is both warm-toned and characteristically diffuse.

IP Code: 20

Lamp type:

Halogen Energy Saver

28 Watt 240v

E27

Dimming: Dimmable via mains phase dimming

Dimensions:

17 cm diameter

20 cm shade height

250 cm cable length

Colour: Brass / white / white cable 291 003 01
