### PRODUCT DESCRIPTION

**Designer:** Antoni Arola

### BlancoWhite R3 Suspension by Santa & Cole

Antoni Arola designed the first BlancoWhite lights in 2011, with the C1 and R3 table lamps. His design was such a success that he won the Red Dot Award the following year. In 2013, Arola enhanced the collection with the addition of three suspension lights. The BlancoWhite R3 suspension light measures 83 cm long, and retains a minimalist, streamlined design. Just 1 cm thick, the suspension's light surface utilises a smart LED plate, via dot cutting system, with small incisions whose concavity increases the further away from the source. This system permits for a homogeneous, evenly distributed light beam.

BlancoWhite R3 suspension is available in a graphite matte finish, and is dimmable via 1-10V dimming systems. The lamp looks stunning above oblong, large dining areas or in hallways and receptions. The lights of the collection are ideal for both commercial and residential projects, and you may choose to add more products from within the family. Contemporary, with an ultra-thin design the BlancoWhite R3 is guaranteed to match any interior decor.

Other [BlancoWhite](#) lights include the original two table lamps, the larger BlancoWhite Golden Gate and the disk shaped, BlancoWhite D (available in two sizes).

### PRODUCT SPECIFICATION

**Light Source:** 33W, 3000K, 1224lumens

**IP Code:** 20

**Dimming:** Dimmable via 1-10V dimming systems. Please consult your electrician, additional wiring may be required on site.

**Dimensions:** 83 cm length  
16 cm width  
6 cm height  
30-310 cm drop height  
57 x 4 cm ceiling canopy
