PRODUCT DESCRIPTION

Circular Lamp by Menu

Smart technology hidden in a soft, organic form that appears anything but technical: this is the beautiful contrast that defines Rotterdam-based Studio WM's new Circular Lamp. The indoor pendant was conceived to meet our constantly changing lighting needs. To do so, it comes with an app, making it easier than ever to adjust both the light intensity and temperature of the lamp to best suit the time of day, the season, or the desired ambience.

By installing and using the mobile app, you can control light intensity and color temperature. You can add multiple fixtures into the same system so that you can control one or many lamps with the swipe of a thumb. If the lamp is installed without using the application, it defaults to a medium temperature and intensity for everyday work and life.

PRODUCT SPECIFICATION

Light Source:	12W, 2700K, 800 lumens
IP Code:	20
Dimming:	Dimmable with MENU Lighting App (iOS and Android).
Dimensions:	Ø 55 cm 23 cm height 500 cm cable length
