PRODUCT DESCRIPTION

Designer: Felix Isidorsson

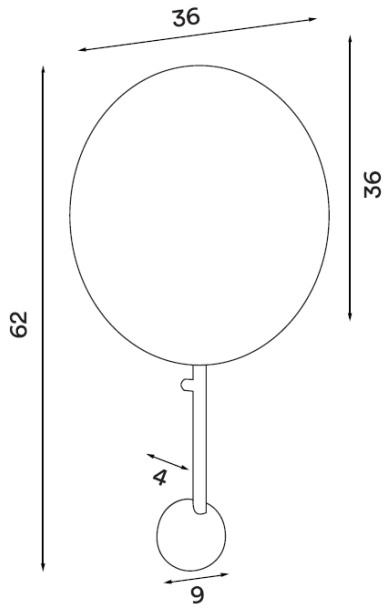

Northern Ink Wall Light

The Ink Wall Light by Felix Isidorsson was inspired by a drop of jet-black ink falling onto paper. The contrast between the luminaire's colours against the wall it sits on creates a striking effect even when switched off. When illuminated, the concave shade reflects light around the luminaire, creating a subtle halo effect. As a result, The Ink Wall Light projects a soft, diffused light from behind its dark profile that will bring a warm and ambient glow to any interior.

The Ink Wall Light is dimmable, allowing for a softer glow from the shade. Perfect for adding ambient lighting to the home such as in the living room or bedroom. Alternatively, the sharp contrast and striking profile of The Ink would suit a contemporary commercial space such as a modern bar or office.

PRODUCT SPECIFICATION

Light Source:	6W, 3000K, 550 Lumens
IP Code:	20
Dimming:	Dimmable via mains phase dimming with integrated on/off switch.
Dimensions:	Ø36cm Height: 62cm Depth: 4cm Cable Length: 200cm
