PRODUCT DESCRIPTION

Designer: Antoine Rouzeau

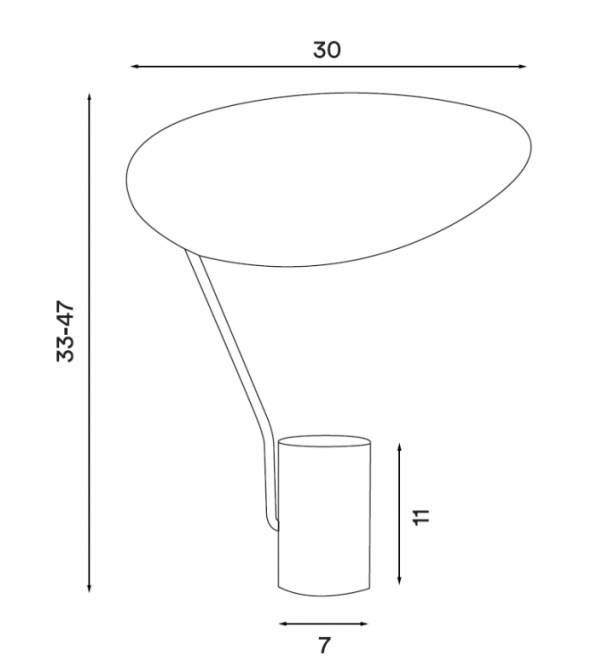

Northern Ombre Table Lamp

Antoine Rouzeau designed the Ombre Table Lamp for Northern. For this design, Antoine drew inspiration from nature, with the shade resembling a leaf. According to Antoine Rouzeau, the most important thing about lamps is shade and light. This design cleverly conveys the interplay between the two. The light source is concealed by the base. As the lamp projects light upward, it reflected against the shade and cast across the room. This glare-free glow creates a warm ambiance in any interior.

The Ombre Table Lamp features an LED light source and an adjustable shade, so its light can be pointed where required. It is available in two bold finishes: Warm Beige and Black. With its simple profile and striking colour, the Ombre Table Lamp is a perfect fit for contemporary interiors. Display on a shelving unit, desk, bedside table, or in a reading nook for a table light that is as functional as it is attractive.

PRODUCT SPECIFICATION

Light Source:	1 x Max 6W LED GU10 (excluded)
IP Code:	20
Dimming:	In-line on/off switch included on cable.
Dimensions:	Width: 30cm Height: 33-47cm Base: Ø7cm x 11cm Cable Length: 200cm
