PRODUCT DESCRIPTION

Designer: Silje Nesdal

Northern Reveal Pendant

Designer Silje Nesdal debuted at Northern with her design for the Reveal Pendant. This pendant features a glass shade with a LED light tube encased within, which creates an impactful statement. Because each shade is hand-blown by master craftsmen, they will vary slightly from piece to piece, making each pendant unique. The result is a fusion of contemporary style with traditional techniques.

The smooth curves and pale colours create a soft, delicate feel, creating an elegant feel in the room it resides in. The Reveal Pendant can be displayed individually or in a cluster, in altering sizes to create a striking display. The light emitted is a diffused and glare-free glow, which creates a warm, welcoming ambiance in any interior. The Reveal can be installed in domestic or commercial settings to showcase the beauty of simplicity.
