Kartell

Kartell Space Table Lamp

The Space table lamp was designed by Adam Tihany for Kartell. Adam was inspired by Seattle's landmark, the Space Needle; at 184m high, the observation tower is the tallest structure west of the Mississippi River.

As such the Space table lamp has a futuristic design, in 4 metallic finishes that add to the industrial and contemporary look. The lamp is rated for indoor use, although the Space is available in an outdoor version. Please [contact us](#) for further information and pricing.

Kartell Space table lamp can be recharged using a simple electricity socket, and it can operate autonomously for up to 8 hours. Simply gently touch the top of the dome to switch on. The chrome-finish version can also be used outdoors.

Material:

Transparent or batch-dyed PMMA - Metallized ABS

Designer: Adam Tihany

IP Code: 20

Dimming: In line on/off switch included on product.

Dimensions:

30 cm height

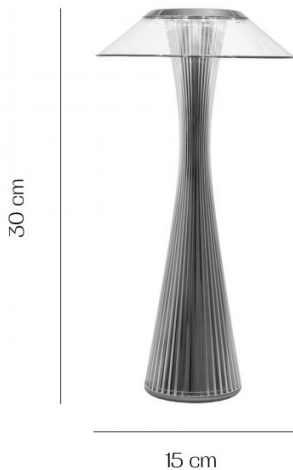

15 cm width
