PRODUCT DESCRIPTION

Designer: Anne Qvist

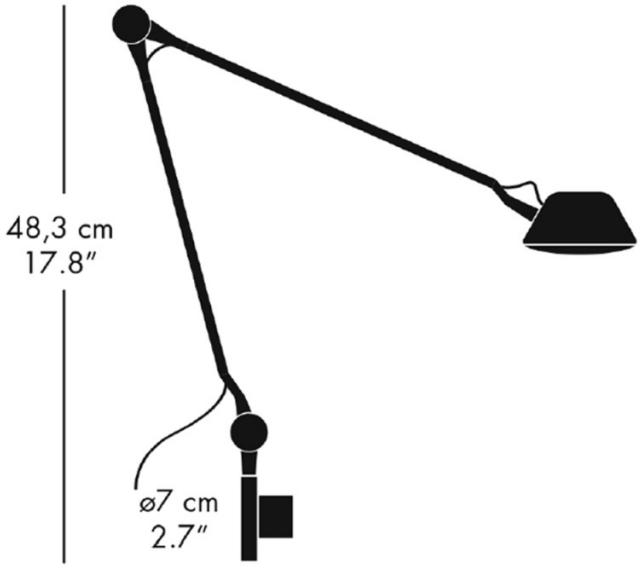

Fritz Hansen AQ01 LED Wall Light

The Fritz Hansen AQ01 Wall Light is part of the **AQ01 Collection** , and was designed by Anne Qvist in 2017. The body of the wall lamp is made from aluminium and has a spring joint so you can adjust the arms to direct the light. The lower diffuser is made from PC and so diffuses the integrated LED light source to produce a soft, downward glow.

The AQ01 Wall Lamp is stylish and contemporary and can be utilised in a variety of settings. The versatility and mobility of the wall light make it perfect as a task or reading light, wonderful in offices, lounges and bedrooms. The wall lamp also comes with a dimmer switch on the top of the lampshade so you can create the atmosphere you want. Available in two colours to find the right match for your interior design.
