PRODUCT DESCRIPTION

Designer: Michael Geertsen

Fritz Hansen Dogu Pendant

The Dogu pendant was designed and created by Michael Geertsen, a Danish artist and ceramist. The name Dogu comes from the small humanoid and animal figurines that were made from clay in prehistoric Japan. Inspired by the interplay of functionality and sculpture, Geertsen has created a pendant light made from beautiful bone china, using a classic silhouette to produce an elegant and timeless light.

The Dogu pendant light is available with either a gold or silver cable and fitting, adding a touch of luxury to a gorgeous design. The lampshade diffuses the light beautifully and becomes warmer as the light is switched on. The pendant also emits a downward light which functions well over tables. This pendant lamp can be used in a variety of settings both in the home and in professional interiors. You can buy one for a feature light or buy several to create a spectacular cluster or row of lights.

PRODUCT SPECIFICATION

Light Source: 1 x E27 40W max (excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming

Dimensions: Ø24cm
32.9cm shade height
300cm cable length
