Vitra Akari 7A Lamp

The Akari 7A Lamp is part of the Akari Light Sculptures collection. It stands upon a three-legged steel base and utilises a washi paper shade that filters out the light source to result in a soft glow illuminating the room. Each 7A is handcrafted in the Ozeki workshop in Gifu and finished with a sun and moon logo, guaranteeing authenticity to the owner and resembling their Japanese heritage.

The Vitra Akari 7A Lamp is a stunning piece that optimises traditional washi paper and a steel base to create a perfect equilibrium between practicality and ambience. The Japanese word "Akari" is translated to "light", a link to the goal of the entire collection, as the whole collection can be characterised by every light's weightless luminosity.
