Vitra Akari 10A Floor Lamp

Part of the Akari Light Sculptures collection, the Vitra Akari 10A Lamp was designed by Isamu Noguchi in 1951, who was inspired by the sun. It is handcrafted in the Ozeki workshop from traditional washi paper with a bamboo-and-steel-wire structure, adding a classic warmth to any interior. The softness of the shade successfully diffuses the inner light source, resulting in a glare-free glow that generates a cosy and inviting ambience, perfect for living rooms and bedrooms.

Each of the Vitra Akaria 10A Lamps is finished with an official sun and moon logo, guaranteeing authenticity to the owner and resembling their Japanese heritage. The Akari has a dramatic impact on your space, while still remaining true to its weightless luminosity, which the collection is famous for. The **Akari Light Sculptures Collection** features table lamps, floor lamps and pendants.
