Vitra Akari 26A Pendant

Part of the Akari Light Sculptures, the 26A was designed by Isamu Noguchi, 1951, and made with white washi paper and steel wire structure. This handcrafted, Japanese inspired light has a stunning mid-century feel and a smooth silhouette. The 26A is an oval shaped pendant light with soft textured details, it utilises a paper shade, designed to filter out the light source resulting in a soft glow illuminating the room. Each 26A is handcrafted in the Ozeki workshop in Gifu and finished with a sun and moon logo, guaranteeing authenticity to the owner and resembling their Japanese heritage.

The 26A Pendant is a stunning piece that optimises traditional washi paper and a steel base to create a perfect equilibrium between practicality and ambience. The Japanese word "Akari" is translated to "light", a link to the goal of the entire collection, as the whole collection can be characterised by every lights weightless luminosity.

Please Note: this product is provided with a non-dimmable lamp with a wattage of 4W, but can take a lamp with a maximum of 12W.
