PRODUCT DESCRIPTION

Designer: Verner Panton

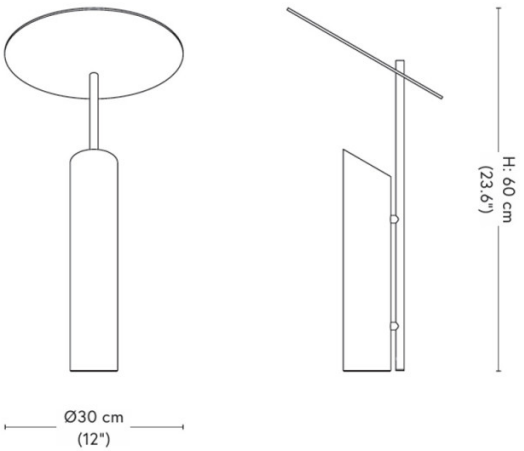

Verpan Reflect Table Lamp

The Verpan Reflect Table Lamp was designed by Verner Panton in 1980, showcasing a cleaner and more linear expression than many of his famously organic designs. Crafted from powder-coated steel, the lamp features a slender tubular base and a distinctive slanted disc shade for a sculptural silhouette. Available in grey and red, Reflect brings a sleek, minimalist presence to residential and commercial environments.

When switched on, light is cast upwards from the base and reflected off the white underside of the angled shade, producing a crisp yet softly diffused glow with minimal glare. This clever use of reflection demonstrates Panton's understanding of how light can shape atmosphere. Elegant, functional and quietly striking, the Reflect Table Lamp provides functional task lighting with ambient illumination for home offices, bedside tables, reading corners and hospitality settings.

PRODUCT SPECIFICATION

Light Source:	1 x Max 25W E14 (Excluded)
IP Code:	20
Dimming:	In-line on/off switch included on cable.
Dimensions:	Shade: Ø30cm Height: 60cm Base: Ø8cm Cable Length: 250cm
