PRODUCT DESCRIPTION

Designer: Giovanni Barbato

Artemide Architectural Eggboard Matrix Direct LED Suspension

Eggboard Matrix is a suspended acoustic luminaire that addresses noise and lighting in one element. The sound absorbing body and deep honeycomb profile help reduce reflections and reverberation in the vocal range, so speech stays clearer and meetings feel more comfortable. Integrated LED boards sit recessed within the matrix, which softens glare and keeps light focused on the work surface and faces below.

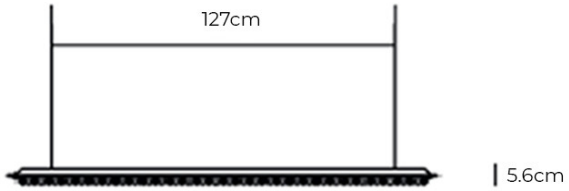

Available in 800×800 mm for compact tables and huddle spaces or 1600×800 mm for larger rooms and benches, Eggboard Matrix can be specified with direct light for focused task illumination or direct plus indirect light to add a gentle ceiling wash and lift ambient levels. Warm 3000K versions suit hospitality, studios and home offices, while 4000K variants support high concentration workspaces and educational settings.

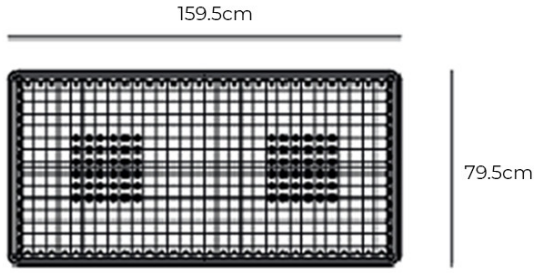

Green, grey and white cream finishes make it easy to coordinate Eggboard Matrix with contemporary palettes and other acoustic treatments. Within the wider Eggboard family you can combine lit modules with matching acoustic only panels to fine tune reverberation without visual clutter, creating quieter, more focused zones in open plan offices, coworking areas and home studios.

As the official UK distributor, we can support you with the Artemide configurator and specification. Contact us at artemide@davidvillagelighting.co.uk.

PRODUCT SPECIFICATION

Light Source:	**800×800 Dir:** 16W, 3000K/4000K, 1491/1446 Lumens **800×800 Dir + Indir:** 46W, 3000K/4000K, 4705/4107 Lumens **1600×800 Dir:** 31W, 3000K/4000K, 2982/2892 Lumens **1600×800 Dir + Indir:** 89W, 3000K/4000K, 9268/8082 Lumens
IP Code:	20
Dimming:	Dimmable via Dali dimming systems. Please consult your electrician, additional wiring may be required on site.
Dimensions:	**800×800 Dir/Dir + Indir:** Width: 79.5cm Length: 79.5cm Height: 5.6cm **1600×800 Dir/Dir + Indir:** Width: 79.5cm Length: 159.5cm Height: 5.6cm Drop Height: 50-200cm
