Le Klint Lamella 4 Pendant

Looking back through the Le Klint archives, designers Jonah Takagi & Hallgeir Homstvedt were inspired by Le Klint's traditional lampshades. In homage to these classic luminaires, they reinstated the traditional pleating technique called PLICA. The delicate folds are reminiscent of the underside of a mushroom, known as lamellae, and are where the collection gets its name.

The Lamella 4 pendant is made from the same high-quality material Le Klint uses throughout its brand. This plastic foil is fire-retardant, UV-resistant, and durable. The shade diffuses light from within, offering glare-free and warm lighting. Metal detailing, available in aluminium or brushed gold aluminium, adds an ornamental element and a touch of elegance. The Lamella 4 is as sculptural as it is functional. The ambient lighting it produces creates a cosy and relaxed atmosphere, well suited to shared spaces such as a living room. **The Lamella Collection** can be installed together in clusters, creating the freedom to assemble a display that perfectly fits your interior.

PRODUCT SPECIFICATION

Light Source:	1 x Max 10W E14 LED (Excluded)
IP Code:	20
Dimming:	Dimmable via mains phase dimming.
Dimensions:	Ø21cm Height: 28cm Cable Length: 300cm
