PRODUCT DESCRIPTION

Designer: Patrick Norguet

Artemide Giò Light Decentrata Suspension

Artemide Gio Light Decentrata is a functional and timeless designer pendant light, designed by Patrick Norguet, who envisioned a pendant with a focus on 'make more with less'. The Gio Light has a simple shape, made with injected aluminium, giving emphasis to the light itself. The pendant provides endless possibilities for interior designs, with a choice of 2 colour options, either black or white. You can mix and match and create your own unique interior. The off-centre feature permits the user to install the Gio Light in different heights, depending on the space or the decor.

The Gio Light Collection also includes the [single pendant](#), perfect for more compact spaces, or for creating a custom statement luminaire by combining multiples. A light for both residential and commercial settings, the Gio Light offers impeccable light and a unique modern look.
