Artemide

Chlorophilia App compatible by Artemide

Ross Lovegrove designed the Chlorophilia, a stunning suspension light bearing both Lovegrove's human and resourceful approach along with Artemide's know how. The suspension light has a clear organic form, with leaf-like shades, which interact with the space and complete it. Lovegrove has been described by many as the a designer whose brought a new aesthetic expression into the modern day.

This product is Artemide App enabled. The intuitive and user-friendly Artemide App can be used to control individual lights or groups of lights both in your home or in a commercial setting. Simply download the App to your mobile or tablet device and control your Artemide App enabled light via Bluetooth connection. One feature which Artemide App allows you to adjust the dimming settings of your Artemide light. Further information about the App and its other features can be found [here](#).
