Artemide Scopas LED Suspension Light App compatible

SOURCE: https://www.davidvillagelighting.co.uk/product/Artemide-Scopas-LED-Suspension-Light-App-compatible/19928

PRODUCT DESCRIPTION
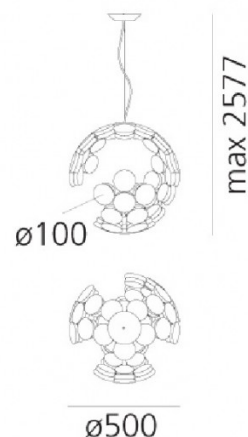

Designer: Neil Poulton

Scopas APP Compatible by Artemide

This light was designed with the replication of a fundamental module, producing a sphere-shaped light with a partial structure. A modern design which depending where you look at it has an ever-changing form breaking from the traditional and sometimes monotonous shapes which would usually typify this kind of light. Similarly to the Death Star of the Empire in Star Wars, static in space, its noticeable incompleteness is contrasted with its technical efficiency.

This product is Artemide App enabled. The intuitive and user-friendly Artemide App can be used to control individual lights or groups of lights either in the home or in a commercial setting. Simply download the App to your mobile or tablet device and control your Artemide App-enabled light via Bluetooth connection. One feature which the Artemide App allows you to adjust the colour temperature and dimming settings of your Artemide light. Further information about the App and its other features can be found here.

PRODUCT SPECIFICATION

Light Source: 80W, 3000K, 2826 lumens

IP Code: 20

Dimming: Dimmable via the Artemide App

Dimensions: Ø50 cm shade
max 257.7 cm drop height
