Artemide

Net Line 125 APP Compatible by Artemide

A design that reminds us of molecular structures or snowflakes, the LED Net light collection was designed by Alberto Nason and Michele De Lucchi. The Net Line with a length of 1.25m can stand alone but you can also choose to create your own combinations with other LED Net lights. The possibilities are endless and the effect can be astonishing. Net lights are suitable for both residential settings as well as in hospitality or professional spaces. The collection also includes a [Line suspension](#) light and a [Circle ceiling](#) light.

This product is Artemide App enabled. The intuitive and user-friendly Artemide App can be used to control individual lights or groups of lights either in the home or in a commercial setting. Simply download the App to your mobile or tablet device and control your Artemide App enabled light via Bluetooth connection. One feature which Artemide App allows you to adjust the colour temperature and dimming settings of your Artemide light. Further information about the App and its other features can be found [here](#).
