New Works Karl-Johan Table Lamp

The New Works Karl-Johan table lamp is an elegant design that combines soft glass curves with the stability of the black marquina or smoked oak base. The domed mouth-blown glass shade diffuses light, emitting in every direction, giving a warm luminosity perfect for an autumnal evening.

Inspired by a mushroom, this light takes on an adventurous feel, reminiscent of days spent in woodland foraging. The earthy and tactile feel of the lamp makes it perfect for a reading lamp or bedside table lamp. The Karl-Johan collection also includes a wall lamp.
