PRODUCT DESCRIPTION

Designer: Anderssen & Voll

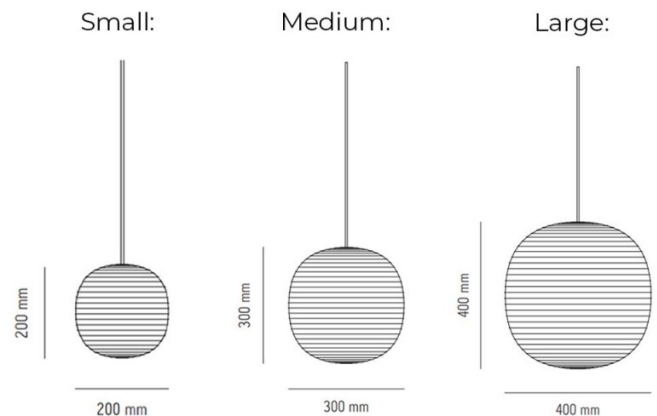

New Works Lantern Pendant

The New Works Lantern Pendants were designed by Andersson & Voll, who took inspiration from traditional Chinese rice paper lanterns. Each pendant is crafted from frosted opal white glass with a PVC drop cable, the result is an elegant lighting solution that can adapt to both classic and contemporary interiors. This line of pendants is suitable for a wide array of environments, from smaller rooms to large open spaces, thanks to the three sizes available. Lantern Pendants can also be displayed individually or clustered together at varying heights to create a statement piece.

An impressive combination of classic style and modern materials, the New Works Lantern Pendant is guaranteed to make a statement in your space. Utilising a contemporary, geometric form that diffuses a soft glow. Display above your dining table, within a living space or even your hallway, adding a touch of personality to your home and casting a relaxing ambience.
