PRODUCT DESCRIPTION

Designer: Omar Carraglia

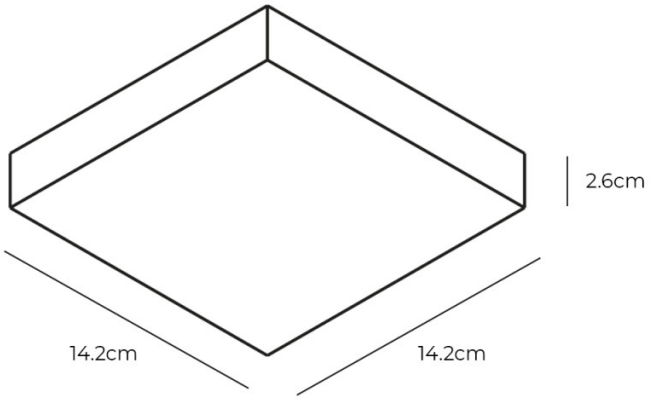

Davide Groppi Sol 1 LED Wall Light

Davide Groppi Sol 1 LED Wall Light was designed by Omar Carraglia in 2003. This wall light is designed as a pure form, serving as a simple yet elegant structure for the light source. By seamlessly incorporating light into the surrounding space, it becomes an integral architectural element, enhancing the overall design and functionality of the environment.

Sol 1 LED Wall Light is a square structure which can be positioned either as an up-light or down-light. Sol 1 can also be strategically positioned in multiples to produce an aesthetically pleasing sequence, resulting in a clean and striking ensemble. Available in a matte white colourway, this minimalistic wall light can be featured in both commercial and residential environments.
