Orsjo Belysning Ginko LED Suspension Light

Designed by Norway Says, the Ginko suspension light was inspired by the tree leaves of the Maidenhair, *Ginkgo biloba*. The simple form and design of the Ginko is supplemented by the choice of material, the lacquered aluminium adds a stylish vibe to the light. The diffuser inside the shade prevents any glare while spreading and intensifying the light.

This is a beautiful simple pendant light, with a shallow funnel shape to it. This beautiful pendant would look beautiful above your dining table either on its own, or even mixed together in a group to create a feature. The Ginko is a perfect functional yet stylish light, which is why it was awarded the Best Light award in 2009 by the Wallpaper magazine.
