Davide Groppi Linet Wall Light

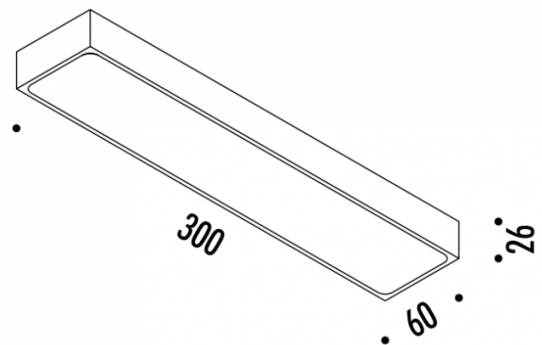

We currently have limited stock of this item in our [Clearance section](#).

Davide Groppi Linet Wall Light was designed in 2014 by Omar Carraglia. The luminaire is a pure structure, a simple container for the light source. Linet Wall is a single-emission lamp with light directed downwards. Incorporating the Linet Wall Light into any space creates an architectural element.

Linet Wall Light was designed to add a touch of sophistication and luxury to any space, be it a residential or a commercial establishment. The wall light can be displayed independently or sequentially across a long hallway for a dramatic and luxurious aesthetic. Linet Wall Light has been designed in minimalistic two colourways: black and white.
