Tolomeo Mega Wall Light by Artemide

One of the latest additions to the [Artemide Tolomeo collection](#), the Tolomeo Mega wall light brings the iconic form of the Tolomeo wall lights on a bigger scale. The light comes with a choice of 3 shades, with 3 different colours and sizes to choose from. The bigger shade means the light is diffused and spreads further than other wall lights from the collection and is a wonderful choice to create a cosy atmosphere.

The Tolomeo Mega wall lamp is also very flexible, as the arm can be moved freely to direct the light where you need to. The choice of colour finishes for both the lampshade and the body means you can find the right aesthetic for your space. Suitable for many interiors in both public settings and homes, this wall light is versatile, chic and classic.
