Anglepoise + Margaret Howell Type 75 Floor Lamp

After the successful release of the Type 75 Floor Lamp in Yellow Ochre, designer Margaret Howell collaborated with Sir Kenneth Grange and Anglepoise, adding Blue Saxon and Sienna finishes to the collection. These vibrant new additions add a sense of personality to the Type 75 and echo back to vintage design. The Yellow Ochre Edition was colour-matched to an original Anglepoise lamp from the 1970s that was owned by Margaret Howell.

The Type 75 Floor Lamp combines functionality with style. The high-quality fittings allow for full adjustability. This freedom of movement allows users to adjust the lamp's height and direct light precisely where required. The conical shade casts a wide beam of light, perfect for use as a reading light in a study, living room or bedroom. This functional lighting also suits office environments, while its iconic form adds a sculptural presence to the space.
